

## **RIDER ALERT**

Amador Transit is conducting a survey and would like your input. We are considering re-routing the first stops and last stops on the Sacramento route through Lone to offer service for Lone residents to Sacramento and back to Lone.

### **The proposed change would be:**

The Sacramento bus would depart the Sutter Hill Transit Center at 5:55am and 3:10pm and go to Lone Park and Ride, then take Hwy.124 to Hwy.16. It would continue on the regular route, with no changes to any of the other stops and departure times. AT would no longer service the Drytown stop as we have no passengers at this location.

Your input is appreciated, ask the driver for a survey form and return it to the AT driver.
