GENERAL MANAGER REPORT:

Call for Projects for 5310 Mobility Management Grant-Application due September 6, 2019: Ms. Amarant reviewed her staff report. She clarified that the application guidelines are specific and the funding applied for must be used for that specific item.

Karyn Gregorius, Executive Director of the Arc of Amador and Calaveras/Social Services Transportation Advisory Council Chair, expressed support of Amador Transit's application for the 5310 Mobility Management Grant application. She acknowledged the Mobility Management position helps SSTAC fill gaps in the area as well as the volunteer driver program.

Motion: It was moved by Director Plasse, seconded by Vice Chairman Atlan and unanimously carried to approve applying for the 5310 Mobility Management Grant for: operating funds for Amador Rides, operating funds for the Amador Transit Mobility Program including dispatch software annual renewal service fees, and procurement of an ADA van.

Amador Transit's first PG&E bill after solar installation: Ms. Amarant reviewed her staff report.

REGULAR AGENDA:

Review quote and approve solar installation at Sutter Hill Transit Center using remaining PTMISEA funds: Ms. Amarant reviewed her staff report. She stated a quote was obtained by BTA Solar Electrical Services Inc. (the independent consultant previously hired for the solar installation of the administration and maintenance buildings) in the amount of \$43,400 for the Transit Center. She noted an additional cost but a recommendation from BTA Solar Electrical Services Inc. is to convert the two (2) current PG&E meters located at the Transit Center to one (1) prior to solar install, making for a smoother transition to solar.

Director Plasse asked if the conversion to one (1) meter is necessary, due to the difficulty and cost of receiving a meter through PG&E now. He suggested keeping both if the need for the second meter arises in the future. Director Plasse also identified a possible typo needing clarification in the quote provided by BTASolar Electrical Services, Inc., in the section of *peak rating of* The kilowatt numbers provided do not seem accurate.

Director Sweet asked if this project was sent out for a Request for Proposals (RFP). Ms. Amarant replied she was unaware she had to, since this is an addition of services through BTA Solar and Electrical Services, Inc.

The Directors agreed a consult with legal and Jon Hopkins should take place for guidance on whether a RFP process is needed for this project.

Review and approve AT FY 2019/20 project list for State of Good Repairs funding of \$61,176: Ms. Amarant reviewed her staff report. She reviewed the proposed project list for FY 2019/20 and added the project list could be fully funded with this year's funding amount as well as the 2017/18-2018/19 carry over funds. Ms. Amarant also noted the upgrade of cameras to high definition at the Transit Center is needed for better safety precautions.

Director Forster agreed that high definition cameras do serve as a great asset due to better quality imaging.

Director Oneto asked if there were specific items that the funding had to be spent on for the grant application. Ms. Amarant replied that this funding can be used universally.

Motion: It was moved by Director Plasse, seconded by Director Sweet and unanimously carried to approve the proposed list of the projects for FY 2019/20 with the exception of the combination of the PG&E meters from two (2) to one (1), with the guidance it be confirmed that the solar program can service both meters and alleviate the excess cost, and use carry over funds from 2017/18 and 2018/19 expenditures to augment 2019/20 expenses.

Ayes: Oneto, Atlan, Forster, Colburn, Sweet, Plasse

Amador Transit Triennial Performance Draft Audit FY 2015-16 through 2017-18/

Workshop: The Directors discussed the draft audit. It was agreed that drastic changes need to be made to the shuttles and possibly expanding Dial-A-Ride services. Ms. Amarant noted this is a draft and there are some corrections to be made including: Page 5- Recommendation # 3: *In addition to the AT system wide map*, display individual route maps on the AT website, system maps are currently in place and AT is working with Google maps to enhance them, and Page 4- Recommendation # 2: *Record and report full time employee hours consistent with TDA definitions*, will be evaluated with AT's certified public accountant to ensure the appropriate hours are being recorded.

It was decided among the Directors to conduct a Transit Route Workshop on September 5, 2019 prior to the regular AT board meeting to further discuss the possible changes.

Karyn Gregorius, Executive Director of the Arc of Amador and Calaveras/Social Services Transportation Advisory Council Chair, stated the members of the SSTAC work diligently to ensure transportation needs are met within the county. She continued that with the possible upcoming changes to the transit routes, a primary concern will be making sure residents that use those routes have alternative means of transportation after changes are made. Ms. Gregorius expressed the importance of continuing conversations throughout the process to fill gaps in the community.

Claims: Chairman Oneto noted for future ACTC meetings, if the claims list could highlight the items changed as Amador Transit does.

Motion: It was moved by Director Forster, seconded by Director Plasse and unanimously carried to approve claims list.

Ayes: Oneto, Atlan, Forster, Colburn, Sweet, Plasse

Noes: None

Absent: None

Keep Your Independence by Staying Mobile with Dial-A-Ride

Dial-A-Ride is a shared ride, curb-to-curb transportation program for individuals unable to ride regular fixed-route bus service.

If you have a disability which prevents you from using the bus either some or all of the time, or you feel it may be time to let someone else do the driving, you may be eligible for Amador Transit's "Dial-a-Ride" ADA Paratransit Service.

Amador Transit's Dial-A-Ride program was established in 2011 and offers a safety net for the Community by providing assisted curb-to-curb, prearranged transportation for any trip purpose within Amador Transit's local service area, Jackson, Sutter Creek and since 2015 extended service to the upper Ridge Road area, Climax Rd and New York Ranch Road — all at an affordable price. Depending on location, one-way fare is \$2-\$4 per trip.

Trip examples: grocery shopping, medical appointments, meet up with friends for lunch or bingo at the senior center, salon, pet grooming or simply just to get out of the house and socialize. All vehicles are equipped to accommodate all your mobility devices, even your furry companion. You may also book a friend, family member or care attendant to ride with you. It's really that simple!

Once qualified, you may call 24 hours ahead to make reservations for where you want to be picked up and taken, and for your return trip. Our friendly drivers will pick you up at your door, assist you with boarding and carrying light packages, and transport you to and from your destination.

More information about Dial-a-Ride including the eligibility requirements and application, are available on our website at www.amadortransit.com.

DATE: September 5, 2019

AT submitted a CMAQ application earlier this year for the procurement of two (2) 25', 17 passenger, 2 w/c capacity XL Hybrid buses. The cost for each 25' bus was estimated at \$119,242 for a total of \$238,484, with an 11.47% required match of \$27,354 for both buses. This match would be paid from AT's Capital Fleet reserves.

At the June 2019 board meeting, the Directors moved to conditionally approve the CMAQ application, based on the outcome from the AT transit route workshop.

AT is in critical need of procuring new buses. The floor plan included is for a smaller, 22' XL Hybrid, 12 passenger, 2 wheelchair capacity bus. The cost for each bus is estimated at \$116,846. Two (2) Hybrids this size would total \$233,692. The required match is \$26,805, paid from AT's Capital Fleet reserves.

Staff recommends AT Board provide direction on parameters of CMAQ vehicle purchase pursuant to outcome of Public Workshop discussions.
